Vision Ireland Gives People with Sight Loss Access to Information Using Generative AI and AWS

Working with Amazon Web Services (AWS) Partner Cation Consulting, [Vision Ireland](#) uses generative artificial (AI) to deliver information to people with sight loss through voice technology. The solution, which uses Amazon Alexa and Amazon Lex, provides a blueprint that other charities and non-governmental organizations can use to change people's lives.

Vision Ireland is a not-for-profit organization that provides support and services to people with sight loss across the country. Working with Amazon Web Services (AWS) Partner Cation Consulting, [Vision Ireland](#) uses generative artificial (AI) to deliver information to people with sight loss through voice technology. The solution, which uses Amazon Alexa and Amazon Lex, provides a blueprint that other charities and non-governmental organizations can use to change people's lives.

Hi, I can connect you with an AWS representative or answer questions you have on AWS.
