Andrea Fumagalli
Head of Cloud Transformation, A2A

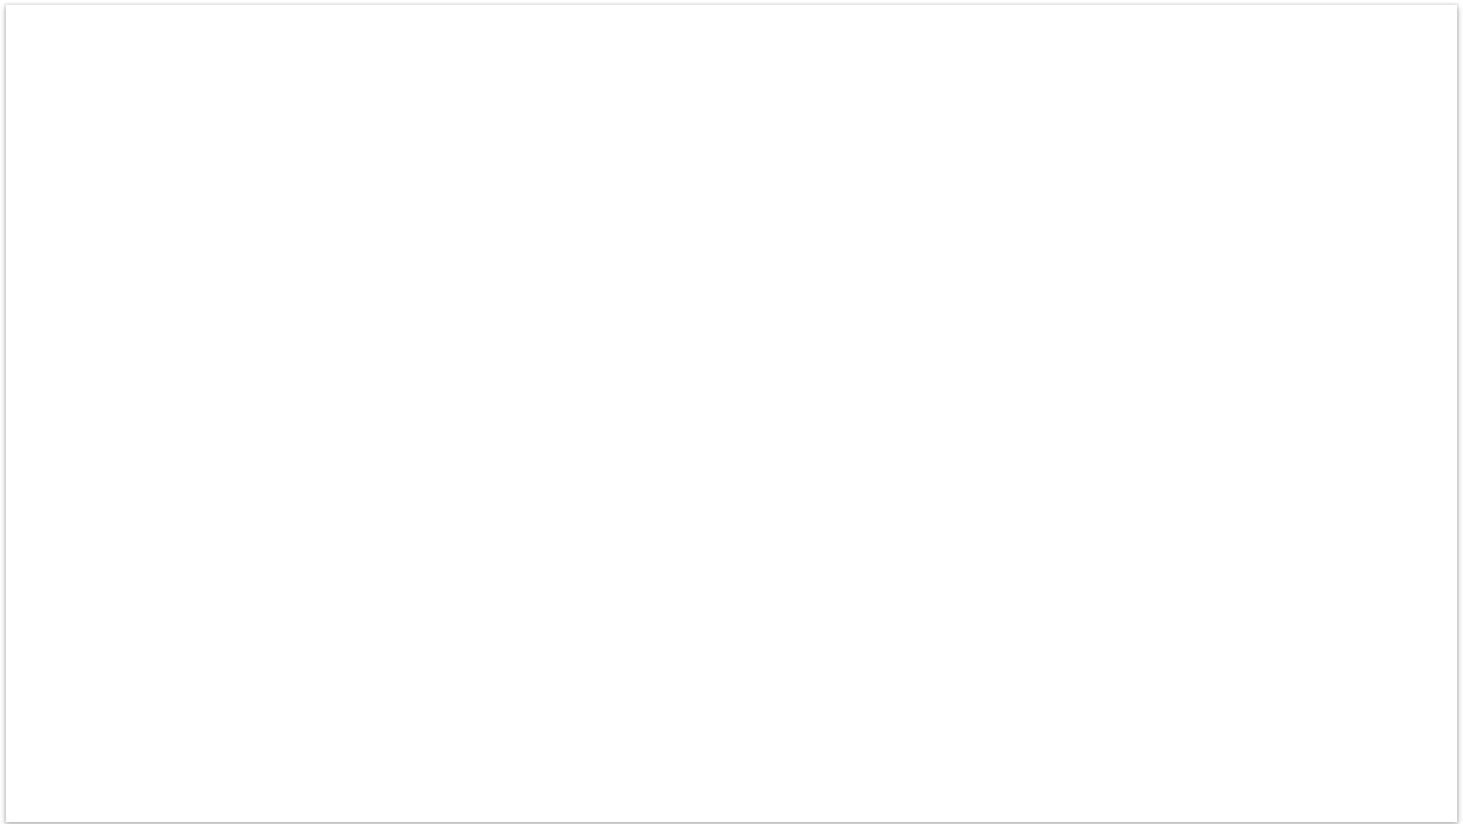

Hi, I can connect you with an AWS representative or answer questions you have on AWS.

Need more info? Highlight any text to get an explanation generated with AWS generative AI.

Italy-based energy provider [A2A](#) wants to put information directly into the hands of directors and executives, so they can act fast and make the best decisions for the business. It uses Amazon Web Services (AWS) and generative artificial intelligence (AI), exploring services like Amazon Q, says A2A's head of cloud transformation Andrea Fumagalli, to speed time to insight with business intelligence dashboards and natural language interactions.
