

Kone on AWS

[KONE](#)'s elevator, escalator, and automatic door solutions aim to improve the flow of urban life. A global leader in the industry, KONE uses Amazon Web Services (AWS) to make people's experiences of buildings and urban settings safer, more connected, and more energy efficient. Generative artificial intelligence (AI) service [Amazon Bedrock](#) provides access to powerful foundation models, accelerating the prototyping process, better supporting its 40,000 technicians, and improving equipment maintenance processes. And with Internet of Things (IoT) service [AWS IoT Core](#), KONE can connect 1.6 million pieces of equipment to streamline operations, increase safety, and reduce callouts by 40 percent.
