

Enterprise Bot Enhances Customer Conversations Using AI and AWS

[View All Customer Stories](#)

“Support from AWS comes in two aspects: Amazon Bedrock with all the generative AI components [...] and then on the business side to bring generative AI that works and is available as a product [to] end customers.”

Alexander F.E. Seggerman
Senior Vice President Channel and Alliances, Enterprise Bot

 Hi, I can connect you with an AWS representative or answer questions you have on AWS. ×

Switzerland-based startup [Enterprise Bot](#) is transforming customer interactions for businesses worldwide. It uses Amazon Web Services (AWS) and generative artificial intelligence (AI) technology Amazon Bedrock to shape natural conversation and deliver seamless experiences across voice, email, and chat. According to Alexander F.E. Seggerman, senior vice president channel and alliances, data protection is vital for the company and its multinational enterprise customers. Using AWS Regions, Enterprise Bot can store data in line with local regulations.
