LegalZoom Uses AWS Countdown Premium to Expedite and Optimize Migrations and Launches

LegalZoom builds on Amazon Web Services (AWS) and works with the AWS Enterprise Support team to improve security, keep applications up to date, and reduce vulnerabilities in its cloud environment. With additional help from [AWS Countdown](#), LegalZoom successfully migrated 450 servers with minimal issues. AWS Countdown offers critical support through all phases of cloud projects, including migrations. Post-migration, LegalZoom continues to use AWS Countdown to streamline and expedite the launch of software-as-a-service (SaaS) applications.

Hi, I can connect you with an AWS representative or answer questions you have on AWS.
