Ally Financial Expedites Issue Detection and Resolution Using AWS Incident Detection and Response

Spencer Cremers, chief information office (CIO) of Enterprise Technology Operations at Ally Financial, shares how the company builds on Amazon Web Services (AWS) and uses [AWS Incident Detection and Response](#) to improve its incident management. Within just 4 months of implementing AWS Incident Detection and Response, Ally Financial reduced its mean time to detection from several hours to less than a minute and decreased mean time to resolution by 50 p manager (TAM) Workshops, the company a
