Georgia Pacific Improved Resiliency with AWS Enterprise Support

Carlos Wiley, enterprise architect at Georgia Pacific (A Koch Company), discusses the importance of preventing application downtime for the organization and the end customer. Georgia Pacific builds on Amazon Web Services (AWS) and uses [AWS Enterprise Support](#) capabilities and tools to increase speed, optimize costs, and improve resiliency. The [AWS Enterprise Support](#) team helped Georgia Pacific reduce the time spent on manual application assessments from an average of 10 days to 2 days. Time and cost savings have helped Georgia Pacific's business outcomes.

Hi, I can connect you with an AWS representative or answer questions you have on AWS.
