Hi, I can connect you with an AWS representative or answer questions you have on AWS.

Maximize RISE with SAP performance with the world's most secure, reliable cloud.

Need more info? Highlight any text to get an explanation generated with AWS generative AI.

Transform your business using 200+ AWS services and more SAP

2

Technology Platform (BTP) services than any cloud provider.

RISE with SAP bundles SAP S/4HANA Cloud ERP, private edition, cloud infrastructure, managed services, and more in a single contract. AWS is the proven cloud for RISE with SAP, delivering the performance, reliability, security, and innovation capabilities your business deserves. Choose the cloud provider SAP has trusted since 2008 to support SAP workloads in the cloud, longer than any other cloud services provider. Choose AWS for RISE with SAP.

AWS at SAP SAPHIRE

Why RISE with SAP customers choose AWS

To thrive in today's market, organizations must reinvent the way they operate and deliver value. See how RISE with SAP on AWS customers are innovating faster and delivering new business insights while running on the world's most secure, reliable, and extensive cloud infrastructure.

Use cases

Simplify your journey to SAP S/4HANA Cloud

Leverage expert support, free online training, and SAP BTP services running only on AWS to migrate SAP data and preserve ABAP extensions during migration.

Increase reliability and performance

Boost performance with the AWS Nitro System, bolster security with 143 security and compliance standards, and protect against disruption with the world's most reliable cloud.

Unlock new insights

Deliver seamless access to mission-critical data with SAP Datasphere, SAP Analytics Cloud, and and SAP AI Launchpad, all running on AWS.

Innovate faster and transform your business

Build and scale generative AI applications, deliver new customer experiences, and more with 200+ AWS and 80+ SAP BTP services running on AWS.
