

Robin AI Transforms Complex Legal Work Using Amazon Bedrock

[View All Customer Stories](#)

“Using Amazon Bedrock allows us to get all the benefits of really powerful generative AI models like Claude 3, built by Anthropic, without needing to send customers’ confidential data over the internet. Everything can be kept inside our cloud environment.”

James Clough
Cofounder and Chief Technology Officer

Hi, I can connect you with an AWS representative or answer questions you have on AWS.

[Robin AI](#) helps legal professionals save time and speed contract work using generative artificial intelligence (AI) and Amazon Web Services (AWS). With access to large language models such as Anthropic’s Claude 3 through Amazon Bedrock, it gets the benefit of powerful generative AI capabilities while keeping data secure within its own cloud environment. James Clough, cofounder and chief technology officer of Robin AI, says its solutions allow lawyers and paralegals to process hundreds of pages of contracts in just a few seconds.
